Institutional Review Board #2
FWA #: 00000482

Expedited Review Initial Approval Notification

The following research activity has been reviewed and approved by the Institutional Review Board (IRB) at Rush University Medical Center. In accordance with the Federal Regulations found at 45 CFR 46.110(7), this review was conducted on an expedited basis: Research on individual or group characteristics or behavior (including, but not limited to research on perception, cognition, motivation, identity, language, communication, cultural beliefs or practices, and social behavior) or research employing survey, interview, oral history, focus group, program evaluation, human factors evaluation, or quality assurance methodologies.

Please note the date for continuing review. Although you will be notified near the time for continuing review, it is your responsibility to assure that your project receives ongoing IRB approval.

ORA Number: [11061501-IRB01](#)
Principal Investigator: [Kelly Behm](#)
