The Dream Continues—

Promoting Growth and Innovation

2012

Pediatric Endocrinology Nursing Society Conference

April 25 – 28, 2012

Hilton in the Walt Disney World® Resort

PENS 2012 CONFERENCE

Purpose

The Pediatric Endocrinology Nursing Society (PENS) is committed to the advancement of the art and science of pediatric endocrinology nursing. This includes the establishment and continued development of standards of practice, the enhancement of nursing research, the advancement of clinical expertise and the promotion of recognition of excellence in nursing practice.

Program Description

The Annual Conference provides a forum for educational opportunities as well as a chance to interact with colleagues and experts in the field of pediatric endocrinology. The faculty will present information on a variety of pediatric endocrine disorders, as well as topics of general interest to nurses and other health care professionals. Teaching methods will include lectures, interactive sessions, discussions, workshops and poster sessions.

Target Audience

The conference is designed for nurses and other health care professionals interested in recent developments in the field of pediatric endocrinology nursing.

Program Goals

It is PENS' goal to promote high-quality endocrinology nursing practice through this educational offering. Conference participants will receive the latest information in basic to advanced practice, experience and research as demonstrated by pediatric endocrinologists and pediatric endocrinology nurses.

Program Objectives

- ◆ Develop new skills to improve educational and patient outcomes.
- ◆ Provide educational opportunities in pediatric endocrinology for nurses and others with expertise in the area.
- ◆ Promote the pursuit of nursing practice and research through a poster session.
- ◆ Provide educational opportunities in the management and treatment of selected endocrine disorders.
- ◆ Provide direction for understanding health care changes.

Accreditation

An application has been submitted to the Georgia Nurses Association for approval of 18.5 contact hours. Please call Christie Ross, PENS Education Program Coordinator, for a complete list of objectives, if needed.

In order to receive contact hours for this conference, participants must complete the evaluation.

Commercial Support

No commercial support has been received for this program to date.

Networking

The key benefit of attending the PENS Conference is the opportunity to develop relationships with your colleagues through networking. Networking offers many tangible benefits to conference participants, including, but not limited to, validating your experience in providing nursing care and developing a better understanding of your practice and your role in care delivery by discovering that others are dealing with similar circumstances, solving the same problems and confronting the same issues. Take advantage of this national gathering of pediatric endocrinology nurses to learn more about national issues and trends.

Message Board

PENS will provide a message board to facilitate networking. Bring your questions and ideas to post for response by your colleagues. If you have a special interest, arrange to meet others with that same interest. Participants are encouraged to post job listings as well.

Posters

In 2012, PENS is offering participants poster presentations to view and discuss on Thursday evening. Visit with the poster presenters and learn about current research that will affect your clinical practice!

PENS Conference Planning Committee

Kelly Behm, PhD(c), RN, Chair
 Toni Davis, RN
 Kelly D. DeGrote, RN
 Gaye Madigan, APRN, BC
 Tara M. Messersmith, BSN, RN
 Lisa Michele Pincham, MSN, RN
 Mary Burr, MS, RN, CPNP, Board Liaison

25th Anniversary Task Force
 Maryann Johnson, BSN, RN, MEd
 Tamara Nenadovich, RN
 Jennifer Sumbilla, RN, CRNP

Hotel

Hilton in the Walt Disney World® Resort
1751 Hotel Plaza Boulevard
Lake Buena Vista, FL
Reservations: (800) 782-4000
Room Rate: \$189 single/double plus tax per night
Reservation Deadline: March 22, 2012

Stay at the only Hilton in the WALT DISNEY WORLD® Resort, and you're right within the Downtown Disney Resort® area. Set amidst 23 beautifully landscaped acres, the hotel is next door to the Downtown Disney Marketplace, Downtown Disney's West Side and Cirque de Soleil.

Guests have premier easy access to all Walt Disney World® Theme Parks: Magic Kingdom® Park, Disney's Animal Kingdom® Theme Park, Downtown Disney, EPCOT and Disney's Hollywood Studios®. You can visit other nearby theme parks such as SeaWorld, Discovery Cove, Aquatica, Universal Studios Orlando, Islands of Adventure and Universal Citywalk.

Transportation

The Orlando International Airport is located approximately 18 miles from the Hilton in the Walt Disney World® Resort. There are several transportation options available.

- ◆ Mears Motor Shuttle provides transportation between Orlando International Airport and the Hilton. Round trip service is \$30, which includes a \$4 discount for PENS Conference attendees. A coupon and further instructions on booking transportation are available on the PENS website: <http://bit.ly/PENSTransportation>.
- ◆ Taxis are approximately \$50.

Registration Information

Early Registration: On or before February 29, 2012
Regular Registration: Between March 1 and March 30, 2012
On-site Registration: After March 30, 2012

You will receive a confirmation letter about two weeks after receipt of your registration form at the PENS Executive Office. Confirmation letters will not be sent after March 30, 2012.

Payment must accompany the registration form. Registration forms received without payment will not be processed until payment is received.

Registration fees include the educational program and all meal functions.

Cancellations & Transfers

Cancellations and transfers must be requested in writing and postmarked, faxed or e-mailed by March 30, 2012. Refunds will be issued following the conference. A \$50 administrative fee will be assessed. Cancellation requests must include the reason for the cancellation. If you transfer your registration to another person, please include a completed registration form for that person with your written request. Requests for cancellation postmarked, e-mailed or faxed after March 30 are not refundable.

Childcare Services

Babysitting services and children's activities can be arranged through the hotel concierge. Rates start at \$14 per hour. You must book in advance. Call (407) 827-4000 for arrangements.

Interactive Seminars

On Wednesday, April 25, 2012, the PENS Planning Committee is excited to offer three interactive seminars.

- ◆ Basic Endocrinology: Overview of Growth Assessment & the Endocrine System
- ◆ Advanced Endocrinology: Advanced Practice Nursing Endocrine Cases
- ◆ Diabetes: Advanced Practice Nursing Diabetes Cases

Exhibits

Representatives from a variety of companies and organizations will be on hand to answer your questions and demonstrate their products. You will learn about the latest products and services for pediatric endocrinology nursing. Your practice will benefit from having a productive relationship with industry representatives who can keep you informed of developments in technology, pharmaceuticals, software, publications and other products and services. Dedicated exhibit hours are Wednesday, April 25, 5:00 p.m. – 7:00 p.m. and Thursday, April 26, 12:30 – 2:00 p.m. and 4:00 p.m. – 5:00 p.m. Please visit the exhibit hall during these times!

EDUCATIONAL PROGRAM SCHEDULE

Tuesday, April 24, 2012

5:00 p.m. – 8:00 p.m.

Registration

5:00 p.m. – 8:00 p.m.

Opening Cocktail Lounge

Wednesday, April 25, 2012

8:00 a.m. – 5:00 p.m.

Registration

8:00 a.m. – 9:00 a.m.

BREAKFAST

9:00 a.m. – 9:15 a.m.

Welcome & Opening Remarks

Mary Burr, MS, RN, CPNP, PENS President

9:15 a.m. – 10:00 a.m.

Keynote Address: The Birth of "MAGIC" & the "Growth" for 22 Years

Mary Andrews

10:00 a.m. – 10:15 a.m.

BREAK

10:15 a.m. – 12:15 p.m.

INTERACTIVE GENERAL SESSION: Interpreting Endocrine & Genetic Lab Results in the Diagnosis & Treatment of Endocrine Disorders

Speaker TBD

12:15 p.m. – 2:15 p.m.

INTERACTIVE LUNCH SESSION: Health Care Reform & Access to Care

Belinda Pinyerd, PhD, RN

Diane Lee-Smith, MSN, RN, CPNP

2:30 p.m. – 4:30 p.m.

INTERACTIVE SEMINARS

Interactive Seminar A: Basic Endocrinology: Overview of Growth Assessment & the Endocrine System

Colleen Weber, BSN, RN

Objectives: At the end of this session, participants will be able to:

- ◆ Utilize tools of growth assessment.
- ◆ Recognize the common feedback loops of endocrinology and the difference between primary and secondary endocrine disorders.
- ◆ Review endocrine causes of abnormal growth and state two endocrine causes of abnormal growth.
- ◆ Discuss some nursing implications for a child who has an endocrine disorder.

Interactive Seminar B: Advanced Endocrinology: APN Endocrine Cases

Cheryl Switzer, MSN, RN, CPNP, CDE

Mako Sather, MSN, RNC, CPNP

Barbara Hillegass, MSN, CPNP

Meg Keil, PhD, CRNP

Nancy Varni, MS, MBA, RN, CPNP

Objectives: At the end of this session, participants will be able to:

- ◆ Discuss the appropriate work-up for primary amenorrhea.
- ◆ Describe the differential diagnosis of muellerian agenesis.
- ◆ Identify endocrine disorders associated with Trisomy X.
- ◆ Become familiar with the evaluation and management of adrenal insufficiency.
- ◆ List the differential diagnoses seen in the presentation of hyperadrenalism and hyperthyroidism.

Interactive Seminar C: Advanced Diabetes: APN Diabetes Cases

Cheryl Switzer, MSN, RN, CPNP, CDE

Lisa Davis, MSN, CNP

Joey Lauf, MSN, CPNP, CDE

Nancy Varni, MS, MBA, RN, CPNP

Janet Moore, MSN, RN, PNP-BC

Elaine Cochran, MSN, CRNP-Peds, BC-ADM

Judith Lowetz, BSN, CPN, RN

Objectives: At the end of this session, participants will be able to:

- ◆ State the differential diagnosis for a person with type 1 diabetes, weight loss and hypoglycemia.
- ◆ Identify endocrine autoimmunity concerns associated with diabetes and the diagnostic evaluation.
- ◆ Identify key features and treatment among different types of monogenic diabetes.

4:45 p.m. – 5:30 p.m.

New Member/First-Time Attendee Orientation & Past Presidents' Reception

5:30 p.m. – 7:30 p.m.

WELCOME RECEPTION IN EXHIBIT HALL

7:30 p.m. – 10:30 p.m.

EVENING EVENT

Thursday, April 26, 2012

7:00 a.m. – 9:00 a.m.	Poster Set-Up
8:00 a.m. – 5:00 p.m.	Registration
8:00 a.m. – 9:00 a.m.	LEADERSHIP BREAKFAST
9:00 a.m. – 10:00 a.m.	<p>Transgender Is a Pediatric Issue: Early Identification & Care for Gender Incongruity <i>Michelle Forcier, MD, MPH</i> <i>Maryann Johnson, BSN, RN, MEd</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Describe terminology, diagnostic criteria and evidence relevant to better understanding gender development and incongruity in our pediatric patients. ◆ Discuss early identification and intervention options for care and how these might benefit transgender patients. ◆ Discuss new directions in patient and family-centered care designed to facilitate transgender physical and mental health in adolescence and adulthood.
10:05 a.m. – 11:05 a.m.	<p>Complexities of CAH: Implications for Adolescents & Adults <i>Selma Witchel, MD</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Discuss the implications of Congenital Adrenal Hyperplasia for adolescents and adults.
11:05 a.m. – 11:30 a.m.	BREAK in Exhibit Hall
11:30 a.m. – 12:30 p.m.	<p>Multidisciplinary Care Model for CAH + DSD <i>Traci Schaeffer, RN, BSN</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ State three benefits of being a Comprehensive Care Center for Congenital Adrenal Hyperplasia (CAH). ◆ Describe what a new Disorders of Sex Development (DSD) patient can expect from clinic. ◆ Describe how to maintain communication within the multidisciplinary team.
12:30 p.m. – 2:00 p.m.	LUNCH WITH EXHIBITORS
2:00 p.m. – 3:00 p.m.	CONCURRENT SESSION 1

<p>Concurrent Session 1A: Gender of Biology & Treating Transgender Children <i>Nicole deButts, MSN, RN, PNP</i> <i>Category:</i> Basic Endo <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Gain a better understanding of the gender of biology. ◆ Gain a better understanding of the terms associated with gender identity disorder. ◆ Gain understanding of the importance of sensitivity and timely treatment of these patients. ◆ Discuss treatment modalities and options in treatments of gender-questioning patients. ◆ Outline the design and implementation of clinics specifically to treat transgender and gender-questioning children. 	<p>Concurrent Session 1B: Endocrine Emergencies <i>Deborah Counts, MD</i> <i>Category:</i> Advanced Endo <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Describe how to evaluate and manage hypoglycemia. ◆ Describe how to evaluate and manage hypocalcemia and hypercalcemia. ◆ Describe how to evaluate and manage hyperthyroidism and thyroid storm. ◆ Describe how to evaluate and manage adrenal and insufficiency and adrenal crisis. ◆ Describe how to evaluate and manage diabetic ketoacidosis. ◆ Describe how to evaluate and manage diabetes insidius. 	<p>Concurrent Session 1C: Vitamin & Mineral Impact on Diabetes <i>Amid Habib, MD, FAAP, FACE</i> <i>Category:</i> Diabetes <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Discuss the effects of vitamins and minerals on diabetes.
--	---	---

3:05 p.m. – 4:05 p.m.

CONCURRENT SESSION 2

<p>Concurrent Session 2A: CAH Case Studies Carol Van Ryzin, RN, CPNP <i>Category: Basic Endo</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Identify labs and presentation of 21 hydroxylase deficiency. ◆ Identify symptoms of 11–beta hydroxylase deficiency. 	<p>Concurrent Session 2B: Applying Current Research to the Clinical Care of Obesity Andrew B. Muir, MD <i>Category: Advanced Endo</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Distinguish the medical from the supportive needs of children and families who are struggling with weight control. ◆ Outline the bounds of lifestyle and medical care that can be provided in your practice setting for families who are struggling with weight control. ◆ Name at least three features that will prompt you to seek consultation with another provider in either a medical or a community setting. 	<p>Concurrent Session 2C: Children with Other Forms of Diabetes Elaine Cochran, MSN, CRNP-Peds, BC-ADM <i>Category: Diabetes</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Provide an overview of various forms of diabetes. ◆ Discuss methods of diagnosis of various forms of diabetes. ◆ Discuss treatment of syndromes of severe insulin resistance in children.
---	---	--

4:00 p.m. – 4:45 p.m.

Industry Advisory Meeting (*invitation only*)

4:00 p.m. – 5:30 p.m.

Exhibit Hall Open

5:30 p.m. – 6:30 p.m.

Poster Reception*Objectives:* At the end of this session, participants will be able to:

- ◆ Interact with colleagues regarding current and emerging pediatric endocrinology nursing issues.
- ◆ Describe examples of pediatric endocrinology nursing research and case study findings.
- ◆ Exchange information and share expertise with pediatric endocrinology nurse researchers.
- ◆ Promote the pursuit of pediatric endocrinology nursing research and advancing nursing practice.
- ◆ Discuss the impact of changing public policy on the research and practice of pediatric endocrinology nursing.

7:30 p.m. – 10:30 p.m.

EVENING EVENT**Friday, April 27, 2012**

8:00 a.m. – 5:00 p.m.

Registration

8:00 a.m. – 9:00 a.m.

AWARDS BREAKFAST

9:00 a.m. – 10:00 a.m.

When Things Become Complicated (& Legal): Essentials that Will Help Keep You Out of Court**Tracy Simeon, BSN, RN***Objectives:* At the end of this session, participants will be able to:

- ◆ Describe key steps that will protect their nursing practice.
- ◆ List three helpful documentation tips.
- ◆ Discuss the keys in preparing for a deposition and what is expected.
- ◆ List the steps in screening a medical malpractice case for merit.
- ◆ Discuss the standard of care, nursing process and how they affect the professional care that we provide.

10:05 a.m. – 11:05 a.m.

An Emerging Epidemic: T2DM**Berrin Ergun-Longmire, MD***Objectives:* At the end of this session, participants will be able to:

- ◆ Discuss the epidemiology of T2DM.
- ◆ Describe the etiopathology of T2DM in children.
- ◆ Identify children at risk for T2DM.
- ◆ Recognize importance of preventing T2DM in children.
- ◆ Implement appropriate treatment plans for children diagnosed with T2DM.

11:05 a.m. – 11:15 a.m.

BREAK

11:15 a.m. – 12:00 p.m.

RESEARCH PRESENTATION**Examining the Relationship between Vitamin D Status & Glycemic Control in Type 1 Diabetic Children & Adolescents: Role of Inflammatory Mediators***Sarah Al Sawah, PhD(c), MSc, RN*

12:00 p.m. – 1:15 p.m.

LUNCH & MEMBERSHIP MEETING

1:30 p.m. – 2:30 p.m.

CONCURRENT SESSION 3

<p>Concurrent Session 3A: Health Literacy: Improving Written Materials <i>Carol Howe, RN, MSN, CDE</i> <i>Erin Winterhalter, RD, LDN, CDE</i> Category: Basic Endo Objectives: At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Describe the impact of health literacy on health decisions and outcomes. ◆ Identify elements that make a written education piece strong and effective. ◆ Write education materials at a 4th-to-6th grade level, and create layouts that improve readability. ◆ Describe learner verification process in their patient population. 	<p>Concurrent Session 3B: Autoimmune Polyglandular Syndrome (APS) <i>Shari Liesch, APNP, CDE</i> Category: Advanced Endo Objectives: At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Outline types of APS. ◆ Review monitoring of progression. ◆ Review of genesis of APS. 	<p>Concurrent Session 3C: Clinical Interventions for Promoting Effective Parental Involvement to Increase Adherence in Teens Managing Diabetes <i>Judith Ayala, LCSW, CDE</i> Category: Diabetes Objectives: At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ State the difference between “parental monitoring” and “parental support” in assisting their teen in managing his/her diabetes. ◆ Identify areas of parent/adolescent conflict in managing diabetes as well as ways parents may be able to provide support. ◆ Describe the importance of the adolescents’ perception of sharing responsibility in diabetes management with their caregiver and the concepts of parent-child collaborative decision-making in managing chronic illness. ◆ State three clinical interventions that participants can use to improve parental involvement to increase adherence in teens managing diabetes.
--	--	---

2:35 p.m. – 3:35 p.m.

CONCURRENT SESSION 4

<p>Concurrent Session 4A: Are Your Patients Really Learning What You Teach Them? An Interactive Session on the Four Basic Learning Styles <i>Simone Howell, BSN, RN</i> Category: Basic Endo Objectives: At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Identify your personal learning style. ◆ Compare and contrast the four different learning styles. ◆ Create a patient teaching session using all four learning styles. ◆ Present small group training scenarios. 	<p>Concurrent Session 4B: Thyroid Cancer: Not Just For Adults <i>Sarah Bottomley, MSN, RN, CPNP</i> Category: Advanced Endo Objectives: At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Differentiate the classification and incidence of pediatric thyroid nodules and cancers. ◆ Identify key features of clinical presentation. ◆ Describe the prognosis and treatment of children with papillary thyroid cancer. 	<p>Concurrent Session 4C: Shared Medical Appointments: An Innovative Way to Manage Adolescents with Type 1 Diabetes <i>Cheryl Switzer, MSN, RN, CPNP, CDE</i> <i>B. Michelle Schweiger, DO</i> <i>Jami Klein, BSN, RN, CDE</i> Category: Diabetes Objectives: At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Define shared medical appointments. ◆ List those involved and their roles. ◆ Name one outcome of the shared medical appointment visits as it relates to type 1 adolescents.

3:35 p.m. – 7:00 p.m.

Networking/Free Time

3:45 p.m. – 4:30 p.m.

PENS Organizational Finance Seminar

If you are interested in learning more about PENS finances or are interested in participating on the Finance Committee or becoming treasurer in the future, this session is for you!

3:45 p.m. – 5:15 p.m.

Committee Meetings

7:00 p.m. – 10:00 p.m.

EVENING EVENT

Saturday, April 28, 2012

8:00 a.m. – 1:00 p.m.

Registration

8:00 a.m. – 9:00 a.m.

BREAKFAST

9:00 a.m. – 10:00 a.m.

Conflict Resolution for Pediatric Endocrinology Nurses: A Critical Skill

Terri Lipman, PhD, CRNP, FAAN

Objectives: At the end of this session, participants will be able to:

- ◆ Review the types of conflicts.
- ◆ List the causes of conflicts.
- ◆ Identify styles in dealing with conflict.
- ◆ Utilize a tool to resolve conflict.
- ◆ Discuss conflicts presented by the audience.

10:00 a.m. – 10:15 a.m.

BREAK

10:15 a.m. – 11:15 a.m.

CONCURRENT SESSION 5

<p>Concurrent Session 5A: Endocrine or Not Endocrine <i>Mako Sather, MSN, RNC, CPNP</i> <i>Category: Basic Endo</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Fully evaluate a new patient. ◆ Differentiate between endocrine and non-endocrine causes of short stature, abnormal looking labs and amenorrhea. 	<p>Concurrent Session 5B: Multiple Pituitary Hormone Deficiency <i>Speaker TBD</i> <i>Category: Advanced Endo</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Describe the physiology of the hypothalamic-pituitary axes. ◆ Describe the symptoms and signs of pituitary hormone deficiencies. ◆ Explain the treatment and monitoring of pituitary hormone deficiencies. 	<p>Concurrent Session 5C: Essential Fatty Acid Impact on Diabetes (CAM) <i>Amid Habib, MD, FAAP, FACE</i> <i>Category: Diabetes</i> <i>Objectives:</i> At the end of this session, participants will be able to:</p> <ul style="list-style-type: none"> ◆ Discuss the effects of essential fatty acids on diabetes.
--	---	--

11:30 a.m. – 12:30 p.m.

Lunch Session: Eat, Pray, Love...Yourself?

Shari Liesch, APNP, CDE

Objectives: At the end of this session, participants will be able to:

- ◆ List personal risks to being a nurse.
- ◆ Identify unit-based risks to health.
- ◆ Identify the tools of eat, pray and love in increased life satisfaction.

12:30 p.m. – 12:45 p.m.

Closing Remarks

Mary Burr, MS, CPNP, PENS President

Isabel Couto, MSN, RN, CPN, PENS President-Elect

REGISTRATION FORM
